

The Scrip program makes money for our school and helps keep your tuition affordable! The scrip profits generated by families and the additional scrip purchased above those amounts, all help with the budget.

The profit-generated requirements are as follows:

- \$100 for preschool-only families
- \$210 for a single student in grade K-8
- \$235 for families with more than one student in PS-8th grade

Note that these totals are PROFIT GENERATED, not Scrip purchase totals. Different companies give different percentages back to the school. For example, if you buy a \$100 California Fresh gift card, the school gets 10%, or \$10 towards your profit-generated total. Amazon, on the other hand, gives back 1.7% so a \$100 gift card would only be \$1.70 towards your profit-generated total.

Scrip can be ordered online or through the mobile app. In-N-Out and California Fresh Market cards are available in the office. These are not available through RaiseRight.

Online: Go to www.raiseright.com and set up your family account to place your orders. Physical cards will be shipped directly to you or you can purchase e-gift cards. You can set up payment with a credit card (associated fee percentage) or your bank account (flat rate per transaction).

Mobile App: search for the RaiseRight app and sign up using the School Enrollment Code.
